23) The agreements taken at the time of the grants enable the Department to recover the amounts or in default to enter into possession of the buildings, only if within the prescribed period, the buildings are "diverted to other than educational purposes approved by the Government." The Director's letter of 16th March 1932 does not show to what other purpose the buildings in question are now put to. It may be a little bit difficult to contend that a mere case of non user for educational purposes is a diversion contemplated by the agreements. They seem to require a positive user for other than educational purposes as a condition precedent before the penal provisions are put into effect.

24) There is however no objection in the Department pointing out to the management of these institutions that they are not fulfilling the objects of the grants and that in case no improvement is shown action may have to be taken & the management would be liable

30) The D.P.I's letter of 16th March showed that both the portions of the Children's Paradise were used for educational purposes technically though not out of necessity. The facts then reported did were not sufficient to hold that the buildings were diverted for other than educational purposes.

31) In the D.D.P.I's letter of 27th May, it is stated that in addition to certain strangers claiming portions of this property, one person has occupied a block breaking open the seal of the Mysore Mu Edn Fund Assn. In Dr Vincent's letter of 11th May 1932 there is an admission that for want of funds, the Mission has been compelled to close down the institutions. These facts are sufficient to establish the diversion contemplated in the agreements and the Deptt can consequently take further action in the matter of recovering the grant or a portion of it as prescribed in the two agreements.

32) Under the agreement of 27th June 1927 relating to the grant of Rs 10,000/-, Govt may take possession of the building, if the amount demanded is not paid. The agreement of 26th June 1928 does not contain a similar provision. The only means of recovery under it

Mr. Medford's contention is that the Govt. grant was given only for one building, the Boys' Stone unit, and that, therefore, the Minister was wrong in taking possession of all the buildings of the Mission.

53 As regards his allegations against Messrs Chinnappa & Lucas, these, as already pointed out in the previous Minute, are of a civil & criminal nature, for which Mr Medford should seek redress in a Court of Law.* There is one allegation, however, which may, perhaps, be enquired into departmentally. Mr Medford says that Dr Chinnappa misused his official position to molest him, that is, by enlisting the services of about 15 of his School master subordinates. If approved, the D.P.I. may be requested to report about this & also about the building or buildings on which Govt. have a hold

As directed I had been to Dodballapur on the 27th instant and inspected the buildings of the Heart of India Mission Band with the Amildar.

There are two blocks of buildings situate in different places, one block being almost a mile distant from the other. The block which was first built is situate on the Bangalore-Dodballapur Road and contains one large building known as "The Children's Paradise", the plan of which is to be found in the records of the Office of the Director of Public Instruction and is flagged "R". Near this building are two small buildings, which appear to have been built at the same time as the "children's Paradise". - These are (1) the Garage and (2) the servants quarters. A little further on there are two new ~~buildings~~ buildings built after 1927, one of them is the Hospital and the other is the Doctor's quarters or otherwise called a small Mission Bungalow.

The other block of buildings known as the "Boys' School and Hostel' is situate on a large area consisting of over 50 acres of land near the road leading to Devanahalli. This block consists of 6 buildings viz.,

(1) Mission Bungalow, now in actual occupation of Mr. J.C. Midford.

(2) Boys' dormitory and out-house

(3) a tumbled down servants' quarters.

(4) One out-house (Teacher's quarters.)

(5) Another servants' quarters (Head Master's quarters.

(6) A Chapel.

The site plan of this block of buildings is also among

NOTE—Contn. Sheet.

the records of the Director of Public Instruction's -- office and is flagged "S". In the site plan, however, a building called "class rooms" is shown between the Teachers' and the Head Master's quarters. This as well as the compound wall shown in the plan, have not been constructed at all.

63 The Heart of India Mission, through Mr. and Mrs. Eaton, the then Chairman and Vice-Chairman of the Mission applied for a building grant from Government in March 1927 in respect of the Girls portion of the "Children's Paradise". Government sanctioned a grant of Rs. 10,000/- in G.O. No. D. 188-189/Edn. 110-26-37, dated 17th June 1927 and payment of the grant was made after Mr. and Mrs. Eaton executed the agreement of 27th June 1927, Flag "W". In this agreement the grant is mentioned as having been "towards the cost of the educational building "Children's Paradise" in Dodballapur" and the Mission agreed that in case the building was at any time within 40 years from the date used for other than educational purposes approved by Government, the management had to refund such portion of the grant as may be determined by Government. It added that "if the management fails to make such refund, Government may summarily take possession of the building till the amount is refunded or recover the amount by such means as they may think fit". Seeing the plan and estimate submitted at the time of the application, it is clear that the building named in the agreement is the large building in the First Block mentioned above, which has the name plate . -

Serial No.

"children's Paradise" put on it. The other 4 buildings in this block or at any rate the two buildings, viz., the Hospital and the Doctor's quarters are not covered by this agreement of 27th June 1927.

64 Mr. Midford claims in this block these two buildings as having been purchased by him from Dr. Vincent on 1st July 1931. The Mysore Christian Education Fund, with the consent of Mr. Borthwic is reported to have handed over possession of the entire block to the Amildar. But I see that effective possession has been taken only of the large building known as the "Children's Paradise", by locking and sealing the door of the building. Neither the Hospital nor the Doctor's quarters have been taken possession of similarly. The Amildar told me that the Hospital was under lock and it had some things of Dr. Vincent and that he had not been given even the keys of this building.

65 Now as regards the other block known as the Boys' Portion, the papers leading to the sanction of the grant, show that a grant was asked for building a suite of class rooms and a compound wall and for certain buildings already constructed, viz., (1) Head Master's quarters (2) Teacher's quarters (3) School house or Hall (Chapel) (4) Boys' Dormitories. The estimate of these was put at Rs. 22,998-13-0. A grant of Rs. 6,000/- was sanctioned and payment was made after the execution of the agreement of 26th June 1928. The agreement mentions the grant as being towards "the Boys' School and hostel" at Dodballapur, but curiously enough does not contain any clause empowering Government to take possession of the property in case it

NOTE—Contn. Sheet.

WD 70—GBPM—60,000—13-8-31

is used for other than educational purposes. Under the agreement, Government can only recover " a sum representing such portion of the then market value of the said buildings as the grant above referred to bears to the estimated market value thereof on completion of the -- building now proposed namely Rs. × × × "

This is left blank in the agreement itself !!

66 In this block of buildings, Mr. Midford is actually in occupation of the Mission Bungalow shown in the site plan, (Flag "S".) This Bungalow is not included in the estimates sent before the grant, which cannot therefore have been given in respect of this building. Mr. Midford has also put ~~xx~~ his name plate on all the other buildings in this block and claims to have purchased it from Dr. Vincent. The Amildar said that he had received only symbolical possession of these buildings from Mr. Issac. None of these buildings had been locked and sealed by the Amildar. The buildings were all however vacant.

67 It remains now to consider the legal position of Government with respect to these buildings. Since the management of the Heart of India Mission has failed to use the buildings for the educational purposes intended by the grant of Rs. 16,000/-, the penal provisions of both the agreements can be put in force. But as has ~~xxxx~~ already been seen, the consequence of this is that Government can summarily take possession of the - - "Children's Paradise" only in the Girls' portion and may, recover the amount granted in respect of the Boys' -- portion. The agreement in the latter case created no lien in favour of Government, but only enables the --

Serial No.

Government to recover the money from the owners of the building for the time being.

68 It is again much open to doubt how these -- agreements can be said to create in favour of - Government, any interest in the property, since both the documents have not been duly registered according to law. The covenants may at best be convenants which bind only the parties to the -- agreement or perhaps transferees with notice.

69 This aspect of the matter does not, however, require further consideration in view of the fact that Government have got possession effective or ~~xxxxxxxxx~~ symbolical of all the buildings except the Hospital and the Doctor's quarters in the -- Girls' portion and the Mission Bungalow in the -- Boys' and such possession has been obtained with the consent of the Superintendent of the Heart of India Mission, Mr. Borthwic, who, the Amildar ~~hath~~ told me, holds a valid power of attorney from the - - American Head quarters. Mr. Borthwick says in his letter of 2nd July 1932 that after obtaining the sanction of his Home Board, he would take steps to vest in Government the right to make use of the -- property 'according to their discretion' If this is done and Government are vested with legal rights over the property, they can then evict Mr. Midford and ~~xxxxxxx~~ dispose of the buildings as Government please.

70 If, it is intended to evict Mr. Midford --

NOTE--Contn. Sheet

WD 02553—50,000—GPB—8-7 30

earlier, it is necessary to obtain proper authority from Mr. Borthwick. I ~~xxxxxx~~ learnt that Dr. Vincent on behalf of the Mission allowed Mr. Midford to occupy the Bungalow on a yearly rental of Rupee one and that Mr. Borthwick has necessary documents to show this. If this can be proved, there appears to be no legal impediment to evict Mr. Midford. The so-called sale deed of 1st July 1931 of which Mr. Midford seems to make so much cannot be legally proved to vest any title in him as it is an unregistered document; and even if he has obtained possession under that document he cannot resist eviction by his landlord. The document appears to be however no sale deed at all but merely a letter by Dr. Vincent to Mr. Midford, evidencing an agreement to sell. The contract has not been performed by Mr. Midford himself in that he has not paid the purchase money as agreed upon and got the sale deed executed. The entire transaction appears to be unreliable and Government can, I think, ignore this alleged sale and leave Mr. Midford to take such action as he may be advised in the matter.

7) Without ~~xg~~ getting the documents from Mr. Borthwick as suggested above, no further action can at present be taken in disposing of these buildings ~~xxxxxx~~ or in allowing them to be used by other institutions. Government can now only retain the possession taken by them with the consent of the owner and the Amildar would, I

14) The copy of the power of attorney sent by Mr. Bortwick is a general one to represent the Mission in all its work in India, & contains no authority to sell property. The rule of interpretation is that powers of attorney must be strictly construed. Where an agent has

authority to act in matters of a particular nature, there is an implied authority to do whatever is necessary for the proper effective performance of his duties.
Authority to sell real estate must ordinarily be conferred in clear & direct language, or it is not lightly to be inferred from mere general terms. A power of attorney "to act in all my business & concerns as if I were present" or "to attend to the business of the principal generally" or "to act for him with reference to all his business" has been held not to give authority to sell land. Agents power to manage & to do acts relating to the management does not confer an authority to sell (1930 Patna 181).
75 Per the draft in question The appointment is as superintendent & this would mean supervision of the Mission work. Further the words to act for the Mission in all its work would mean to do all things as are necessary for the carrying out the objects of the Mission. Subject.- Proposal of the National Council of the Y.M.C.A. to start a rural reconstruction centre at Dodballapur.

Reference.- Dewan's memo dated 26th Oct. 1932.

78 The proposal of Mr. Popley representing the National Council of the Y.M.C.A. in India contained in his letter to the Dewan dated 25th October 1932, is that the Y.M.C.A. should (such start) a rural reconstruction centre at Dodballapur with the aid of a subsidy from Government in the buildings constructed by the Heart of India Mission.

79 The position in respect of these buildings is clearly explained in the Deputy Commissioner Mr. Anantharaman's note dated the 24th November 1932. In view of Government's lien on these buildings, the Amildar under orders of Government has taken possession of the buildings (except one building in the Boys' unit which is in the occupation of one Mr.J.C.Midford). The properties belong to the Heart of India Mission and the Government are not competent to dispose of it. The Heart of India Mission is now willing to transfer their entire rights to Government on payment of a further sum of Rs.2,000 to the Mission (vide correspondence with Mr. Borthwick, the representative of the Mission). I think it is highly desirable to close their bargain with the Mission

After that, the termson which the Y.M.C.A. is to utilise the building for a rural reconstruction centre can be settled. 100 It will be seen from the note put up by Mr N.A Jaya Rao after inspection of the properties, that there are main x buildings at Doddaballapur in the possession of the Head of Indian mission, besides the Boys Home unit & Girls Home unit besides the Construction of which just have and the aggregate, has opened a grant of Rs 16000,

101 From Rev Mr. Borthwick's letter to the Member, it appears that the entire property belonging to the mission is to be made over to Govt on payment of a fantasy sum of Rs 2000/-. But from the subsequent letter of Mr Borthwick dt 10.1.33 enclosing a Copy of Cablegram sent to America, it is seen that some body else "Y" is expected to purchase for Rs 2000 /- Certain properties belonging to this mission

102 It is therefore suggested for orders whether the entire property of the Head of Indian mission at Doddaballapur, is to be made over to Govt by Mr Borthwick on payment of a fantasy sum of Rs 2000/- or only the properties for which the Govt have paid an aggregate grant-in-aid of Rs 2000 16000/-

109 The Amildar has sent the information called for. The sale deed has been retyped with the schedule duly filled in. Mr.Berthwick had it examined by his solicitor Mr.Graham. He raised no objections to its terms. In the interview they had with the Member on 10th April 1933, the Member was pleased to direct me to further examine the deed with respect (1) the possession taken on 1st October 1932 (ii) the enforecement of vendor's liabilities under the deed as arrears of land revenue and (iii) Mr. Midford's claims to the property.

110 In para 4 of the preamble to the sale deed it is stated that the properties have been delivered over to Government on 1st October 1932, in pursuance of the agreement to sell. As explained in my note of 31st October 193 effective possession has been taken only of some buildings in the Girls' portion and it is therefore not correct to say that Government got into possession of all the properties on 1st October. Moreover such possession was taken not in pursuance of any agreement to sell but to safeguard the rights of Government to recover the grant of Rs 16,000/- made under the documents of 27th June 1927 and 26th June 1928.

111 If the fact of Government's taking possession of some of the properties on 1st October 1932 has to be mentioned in the deed, it will be necessary to state the particular properties of which possession was taken and to indicate why possession of the remaining properties could not be taken. It is however undesirable to have any reference in this deed to the transactions which the

R.

'W'

Mission had with Mr.Midford or to the fact of Mr.Midford being still in occupation of some of the buildings in the Boy's unit. I would therefore omit all reference to the possession taken on 1st October 1932. This reference is unnecessary and its omission does not in any way effect the validity of the sale.

11 Clauses 2, 3 and 4 of the sale deed fully protect Government in case the title of the Mission to the property is in any way found to be defective. Since the Mission is however a foreign body, having perhaps no property in Mysore, the indemnity may not be easily enforceable and much less as an arrear of land revenue. This restriction as to procedure will be omitted. As far as is known, the title of the Mission to the property proposed to be sold is not in dispute, except as to - Mr.Midford's claim, which requires clearing up before the sale is effected.

12 Mr.Midford relies on an agreement to sell duly entered into with him by Dr.Vincent on 1st July 1931. This agreement is evidenced by a letter of the same date written to Mr.Midford by Dr.Vincent, whereby the latter has agreed to sell for Rs 10,000/- the entire property and has received an earnest of Rs 100/-, "the balance to be paid at a week's notice" - Mr.Borthwick has handed over two letters written by Mr.Midford on 28th August 1931 and on 20th June 1932 and it is contended that they practically put an end to the agreement of 1st July 1931. The letter of 20th August shows Mr.Midford's willingness to purchase only the Boy's Home and that too for Rs 3,000/-, while the

Serial No.

letter of 20th June 1932 indicates Mr.Midford's inability to pay the purchase money and to complete the transaction. He consequently expresses his willingness "to pay Re.1/- as rent per year from 1st January 1932".

Mr.Graham, solicitor on behalf of Mr.Borthwick, gave him a notice to quit to which Mr.Midford has sent in a reply dated 29th December 1932, wherein he tries to explain away his letter of 20th June 1932. He also states that the American Board have agreed to accept Rs 6,000/- only in full settlement of the price and that Government have also acknowledged the purchase by demanding the payment of Rs 6,000/- being the grant to the Boys' Unit. This is a misrepresentation. What Government agreed to was to relinquish their lien over this property if Mr.Midford paid back the grant of Rs 6,000/-. This he has not done till now and he cannot therefore claim any title to the property.

It appears to me that Mr.Midford is not legally entitled to the specific performance of the agreement of 1st July 1931 nor can he claim any interest in the building which is now under his occupation. He is moreover said to be almost a bankrupt and he is not in a position to perform his part of the agreement. Under these circumstances, once Government get full ownership over the properties by the proposed sale, the eviction of Mr.Midford from the premises is an easy affair.

With the modifications suggested above, the sale deed may therefore be approved. A copy of it will be sent to the Deputy Commissioner, Bangalore, for verification

of the schedule and he will be requested to have a plan prepared showing the lands proposed to be transferred to Government under the sale deed. In the deed as drafted, it is the Deputy Commissioner that represents the Government and he can therefore get the document duly executed by Mr.Borthwick. As it can also be registered by the Deputy Commissioner as District ~~Magistrate~~ Registrar, he will be requested to take necessary steps towards the registration of the sale deed. As already noted by the Government Advocate, the deed is not liable to stamp duty and since usually the purchaser has to bear the costs of conveyancing, registration has to be effected at Government cost. 117 Since in the deed the vendor acknowledges the receipt of Rs 2,000/- being the balance of the purchase money agreed to be paid, that amount has to be paid to Mr.Borthwick, before he can be asked to execute the document.

the Maharaja of Mysore, Public Offices, Bangalore.

SIR,

With reference to your letter No.E.1142 Edn.dated 18th September 1931 calling for certain information re the alleged sale of the building known as "CHILDREN'S PARADISE", Dodballapur, I have the honour to state as follows:-

A sum of Rs.800/- or so is due from the institution to a certain contractor of Dodballapur who was supplying articles of food stuffs to the Children's Paradise. He sued the "Heart of India Mission" in the Munsiff's Court at Dodballapur and petitioned the Court to attach the entire property of the Mission worth about Rs.30,000/-. This contractor said in his plaint that the Mission was trying to alienate its property to the Wesleyan Mission and he was therefore anxious about his own dues. Dr. Vincent, now in charge of the Mission, subsequently presented an affidavit (an extract of which is enclosed herein) to the Court in which he has denied the statement. Subsequently the case - came up for hearing and Dr. Vincent again reiterated his statement - given in the affidavit and the Superintendent of the Wesleyan Mission Mysore also gave evidence that the Wesleyan Mission had absolutely no intention of purchasing the property of the Heart of India Mission. Thereupon the Munsiff released the property from attachment.

The District Educational Officer, Bangalore, reports that he met Dr. Vincent in this connection and that the latter assured him that he (the Doctor) had not the least idea of alienating the properties nor could he do so even if he had the intention unless the American Mission Board in America approved of such a plan. It is also reported that the District Educational Officer has made Dr. Vincent clearly understand that in the event of any alienation or of the building not being used for the purpose for which a grant was given either the Government grant would have to be returned or the building would be taken possession of by Government under the rules.

As regards the utilisation of the buildings, it is reported that the Girls' Paradise is continued to be used as a Boarding School for Depressed Class girls and the few boys transferred from the Boys' Pradise. Information about the utilisation of the Boys' Paradise has been called for and it will be furnished on receipt in this office.

I have the honour to be,
Sir,
Your most obedient servant,

M. S. Subba Rao
Director.

The Defendant states on solemn affirmation as follows:-

1. The Defendant denies the facts stated by the plaintiff in his affidavit and denies that he was about to dispose of the whole or any part of the property under attachment to the Wesleyan Mission with the intention to obstruct or delay the execution of any of the decree that may be passed against the Mission in the Plaintiff's suit.

2. The Defendant also states that as far as he knows the - Wesleyan Mission have not the slightest intention of taking over or purchasing any of the Mission properties at Dodballapur, nor have they intimated to him any desire to do so.

3. The Defendant states that he has no power nor authority to sell or transfer or hand over any properties of the Mission without -the consent or the permission of the American Board. Further the American Board of the Mission never instructed the Defendant to sell these properties; nor has he asked for any permission or authority to sell or dispose of these properties.

SIR,

In continuation of my letter No. D1- 1303-111 of 31-32 dated 29th January 1932 submitting a report regarding the alleged sale of the buildings known as "Children's Paradise" Dodballapur, I have the honor to - state that it is reported that there are only 3 boys and 10 girls in the boys and girls portions of the Paradise and that the 13 children take their food in the Girls Paradise but the boys take their bed in the boys Paradise. It is therefore clear that the building of the Boys' Paradise though made use of for sleeping purposes by a small number of boys is only used technically and not out of necessity.

The strength of the two portions of the Paradise which was 74 at the time of sanctioning the building grants has reduced itself to 13 and the Management do not appear to be keen on improving the same. Moreover, the maintenance grants sanctioned to the two portions of the Paradise have been stopped from 1st July 1931 and the Management have not pressed for its continuance.

In the circumstances, I request you to kindly let me know whether the management of the institution may be informed of these facts and called upon to show cause why action should not be taken for the realisation of the Government grants paid for the construction of the - -

buildings.

In continuation of my letter No. D1. 1303-111 of 31-32 dated 19th May 1932 submitting copies of the agreements obtained from the Management of the Heart of India Mission in respect of the grants paid towards the construction of buildings known as Boys' and Girls' portion of the children's Paradise at Doddaballapur, I have the honor to submit herewith 4 copies of letters received from Dr. A.Allan B. It will be seen from the copies of the letters that there is a certain amount of want of understanding as amongst the members of the Mission only and that the transactions are therefore open to suspicion. The question of taking the properties to Government custody immediately may therefore be considered and orders issued early as the Deputy Director of Public Instruction reports that the two school buildings are in a dangerous condition and will come down in the absence of immediate attention.

The main file is required to the Law Section for opinion. This may be sent thereto in connection with a request to return the same

Copy of D.O. letter number nil dated the 27th May 1932, from Dr. S.P. Chinnappa, M.A., L.T., ~~xxxxx~~ Deputy Director of Public Instruction, Bangalore Division, to the -- Director of Public Instruction in Mysore.

The Heart of India Mission at Dodballapur seems to have come to an end. For some time past, this Mission have, I under stand, been carrying on negotiations with other foreign Missions to hand over their properties at Dodballapur in order that their successors may continue to run the Boys' and Girls' Schools, known as "Children's Paradise." Not having succeeded in their attempts, they handed over charge of their properties, pending the approval of the Director of Public Instruction, to an indigenous association known as "The Mysore Indian Christian Education Fund Association" on the 11th May 1932. A copy of the letter written by Dr. Vincent to the Director of Public Instruction regarding the transfer was given to me informally. I understand that the formal execution of the transfer deeds will take place after the approval of Government.

Meanwhile, it has been brought to my notice that the title deeds of the property are not with the authorities of the Heart of India Mission who handed over the possession to the Mysore Indian Christian Education Fund Association, that the people who have these deeds are trying to take possession of the properties, that a third person is claiming portions of the property, while a fourth person is occupying a block breaking open the seals of the Mysore Indian Christian Education Fund Association. I am inclined, therefore, to think that disputes regarding the property are likely to arise.

The Department of Public Instruction has given Rs.16,000/-, (Rs.10,000/- to the Girls' Home building and Rs.6,000/- to the Boys' Home Building) as building grants to this Mission. Besides these two buildings, there are a number of other buildings

46 -61

buildings in the premises. I do not think that the two school buildings put together are worth Rs 16,000/- or anywhere near it in their present condition as they are very dangerously cracked and are likely to come down.

I request to be immediately informed of the action to be taken to safeguard the interests of Government in virtue of the fact that a grant of Rs 16,000/- has been made to the Heart of Indian Mission for the buildings, since they are no longer to be used by that Mission for the purpose originally intended.

An early reply is solicited.

Copy of letter dated the 11th May 1932, from Dr. A.A.B. Vincent, M.B., Ch., B., 9, Cunningham Crescent, Bangalore, to the Director of Public Instruction in Mysore, Bangalore.

It is with great reluctance that I am addressing you on a subject which is most painful to me personally and to the other members of the Mission which I represent. I refer to the Girls' and Boys' Homes situated at Dodballapur.

For adverse circumstances and other reasons which are best left unsaid, over which we have no control, there has been a considerable shortage in donations from both America and England which unfortunately has necessitated our closing down both these schools which have been under our control for the past few years and which we are now compelled to close down.

We have been approached by the Mysore Indian Christian Education Fund Association, who have been in existence for the past 12 years, with the object of continuing the Boys' School as a residental school, purely for the sons of Mysore Indian Christians who have promised to continue this noble work.

As we are perfectly satisfied with their assurances, we have this day transferred our properties in Dodballapur; namely, The Girls' Home and Boys' Home for which you gave us a grant of Rs. 16,000.

We trust this act on our part will receive the support and approval of your Government.

Copy of letter dated the 16th May 1932, from ~~Dr. A. C. B.~~ Vincent, M.B., ~~Ch.B., C/o Cunningham Crescent~~, ~~Bangalore~~, to Mr. Z. John, Secretary, M.I.C.E. Fund Association, Commercial Street, Bangalore.

With reference to my letter of May 11, 1932 in which I handed over to you as Secretary of the above Association certain properties belonging to the Heart of India Mission at Dodballapur, I beg to state the following:

1. This was simply a temporary arrangement pending Dr. Vincent's approval, since I have no power of attorney to act upon in behalf of the mission.

2. Dr. Vincent has documentary evidence which will prove that all the furniture of the said properties were made over to Mr. J.C. Midford more than three months ago; therefore, it - was never our intention to hand over these to the Mysore Indian Christian Ed. Fund Association. Mr. Midford and I made this clear in a personal conversation to Dr. Chinnappa.

3. Dr. Vincent had no intention to hand over the Hospital to the above-mentioned Association. I mentioned this to Dr. Chinnappa and the others who were with him when I wrote the May 11th letter mentioned above. He asked me to hand it over temporarily in order to avoid Mr. Platt or any one else from - seizing it for their own use.

In view of the above mentioned facts, I ask that you kindly remove the seals that your Association has placed on the - doors of the Missionary Bungalow of the Girls' Home and permit Mr. and Mrs. Midford to remove my personal belongings that I left in my room in their care.

Thanking you in anticipation, I am.

Sir,

With reference to the property of above mission at Doddballapur the H. I. M. B. has suffered financially within recent years being no longer able to run the Boys and Girls Schools, handed over the properties concerned to the Mysore Christian Educational Guild. I now understand that there is likelihood of this association being unable to run the schools without financials and. Therefore I feel that the best course for me to take is to hand over the properties to the Mysore Govt. asthat they may use it in the best way according to their discretion. I am advising our Home Board to take this step.

Pending the sanction we whild like Government to take possession of the properties concerned ale

E/Edn 132-31-14 FEB 12 1935

Sir,

With reference to my interview with you on the 3rd instant about handing over the Boy's Unit to Government through the Amildar. As explained, this Unit - or single building measuring 150 feet by 25 feet is attached to the Boy's Home consisting of several other buildings and abou 57 acres of land, which I purchased from the Heart of India Mission Band on 1-7-1931 by a Contract of Sale with possession in my favour executed by the Legal Representative of the said Mission, for the agreed sum of Rs.10,000/- towards which I paid as earnest money Rs.100/-. The purchase price of Rs.10,000/- is as follows:--for the Boy's Home Unit above Rs. 6,000/- (which sum was subsidised by Government), Rs.3,000/- for the other buildings and land and all furniture here, at Girl's Home, Mission Bungalow attached thereto and Hospital, Rs.1,000/- for Hospital, Doctor's Quarters and Mango Tope. For the first time I approached Sir Mirza M. Ismail Kt., B.A., C.I.E., O.B.E., on 16-7-32 for the purchase of same (Boy's Home Unit) at a reasonable price as it is built on the land sold to me and he kindly promised that he would consider my offer of purchase. The payment of the purchased price to the Mission will be effected by me after I receiv further concessions which have been recommended to the American Board. VIDE. COPY OF SALE DEED AND LIST OF FURNITURE ATTACHED. No 1 & 2.

2. For various causes only the Girl's Home and Boy's Home Unit wa transferred by the Mission on the recommendation of Miss. Young and myse

to an Association calling themselves THE MYSORE INDIAN CHRISTIAN EDUCATION UND ASSOCIATION, of which Dr. Paul Chinnappa represented himself to be the Vice-president, Z. John the Hon. Secretary and K. Mathan, Esq., B.A., the President. When the last named gentleman was mentioned we all naturally thought that the whole thing was gnuine. The transfer took place on 11=5=32 in favour of Z. John the Hon. Secretary.

FEB 12 1935

3. When I went to remove my furniture on the 14th May 32 I was prevented from doing so by Dr. Paul Chinnappa and 15 or so of his School Master subordinates who came there in force at his bidding. Dr. Chinnappa had the audacity to palm me off with ~~the~~ a few articles of my own furniture the following day. It was made quite clear to him by Miss. Young and I that all this furniture was mine.

4. Dr. Chinnappa also represented to us that the Platts intended to occupy all buildings(including those which I have purchased) by force as soon as Miss. Young's back was turned and for this reason he urged her and~~xx~~ I to give his Association a immediate temporary possession of all the other properties (in addition to those transferred to them) as a safe-guard against their attacks for forcible occupation as he put it. We were both misledd by his subterfuge consequently, and relying on his Christian integrity she allowed him temporary possession of the Hospital and Doctor's quarters while I gave him temporary possession of the Church and Two Cottages only on my premises until we were free and safe from the alleged attacks of Platt and Company. My wife and I are living alone here in this isolated spot and we were only too glad to have his Physical help from such attacks. VIDE COPY OF MISS YOUNG'S LETTER DATED 16th MAY 32 FROM YERCAUD TO Z. JOHN(No 3. a copy of which was sent to the Director of Public Instruction for information in his personal name) the reason for this being that Dr. Vincent was afraid that Dr. Chinnappa would seize the letter and sit on it. In her letter she refers expressly to (1) temporary arrangement of giving possession of Hospital to avoid Mr. Platt

P.T.O.

from seizing it, (2) that all the furniture belongs to me. The above is coroborated by her Affidavit from America dated 11-7-32 a copy of which is enclosed. VIDE Z. JOHN'S LETTER DATED 16-5-32 A COPY ENCLOSED in which he complains bitterly of Dr. Chinnappa's interference with his work which he characterized "indeed objectionable". In my opinion Dr. Chinnappa took a mean advantage of his official position, backed up by his 15 or so subordinates.

5. To corroborate Dr. Chinnappa's request to us to " Safe-Guard the properties" as he put it, I give you his two quotations from his two letters dated Holenarsipur 15-5-32 as follows:--(1) "After this then(these Platts) made unsucceessful attempts with Miss Young and Mrs. Midford to get in but they were thwarted. They were only waiting for Miss Young to turn her back in order to occupy by force the premises. But meanwhile we hurried up and secured the property. Even now I am not quite sure if they will give up their attempts. I hear they are gathering sufficient force to invade, but we have set our sentinels and we shall fight them out", (2) " the trouble from the Platts is not yet over but I am guarding everything alright" (meaning all the properties). All this has been engineered by Dr. Paul Chinnappa out of purely selfish motives and as an instance of this I quote an extract from his letter dated 2-3-1932 "Please come as soon as possible to draw up the Sale Deed of the Tope. Please give the address of the man who wanted to lease out the Mango Tope to bearer Mr. Sundara. He will act on my behalf and arrange for leasing out. You may consider I have taken possession of the Tope pending drawing up the Deed. With kind regards, Yours faithfully, Sd/- S.P. Chinnappa"

6. I subsequently discovered to my utter astonishment that this Association was non existent and that it was not functioning on the day when the properties were transferred to them. This is a most flagrant case of misrepresentation which I have brought to the notice of the Dewan.

P.T.O.

4. 56 (11) 95 - 37 41

The peculiar part of this is his own admission in his letter dated Holenasapur 15-5-32 "our Association had to appoint an emergent body which has got to deal reconstituted immediately.

Dec 12 1935

7. Dr. Chinnappa is perfectly aware that there were several buildings here (in the Boy's Home) put up by previous Missions 20 and 10 years ago before your benign Government granted the 6,000/-Rupees for the Building of a Unit as recently as 1928. VIDE COPY OF INDENTURE OF SALE BEARING REGISTRATION NUMBER 1598 OF 1924-25 IN FAVOUR OF THE HEART OF INDIA MISSION BAND, No 6. in which it will be noticed that ~~period~~ there were 4 Mangalore Tiled Houses and one out-house with zinc Sheet roofing, so that the other buildings are quite seperate and have no connection with the Government building known as The Boy's Home Unit. Further more, I can prove that Dr. Chinnappa in his own written statement has referred to these buildings. Further more, it is absolutely preposterous to even entertain the idea that I would be so foolish as to sign away my porprietory rights in properties purchased by me nearly one year previous to the occurance mentioned above. I most emphatically deny that I transferred any of my properties to this alleged Association, but I do admit that I was the means of having only the Boy's Home Unit measuring 150 feet by 25 feet assigned to them as I then knew it was subsidised by a Government grant of Rs.6,000/-. It therefore follows that there can be only one interpretation to the meaning of the word "Unit" in this particular instance, which I feel sure will be ~~expected~~ accepted by Government after you have seen the copy of the Contract of Sale with possession in my favour. I am informed that Government advanced a total sum of Rs.16,000/- for Girl's Home and this Unit and I observe from its order that the Amildar has annexed the Girl's Home to which is attached a large Mission Bungalow which costs the Mission Rs.20,000/- to build so that this is a distinct gain in favour of Government and if my offer to purchase the Boy's Unit at a reasonable price is accepted, the advantage will be greater.

P.T.O.

8. I much regret having to bring to your notice that the Amildar has gone beyond the recent Government order sent to him and has in addition to the Girl's Home and Boy's Home Unit above, ~~and next the~~ Hospital and Doctor's quarters etc., which have been purchased by me as stated in the first para of this letter of complaint. Kindly issue early orders for the said Hospital, etc., to be restored to me as I feel sure that this is a mistake. The Amildar, who came here on the 1st instance was accompanied by Mr. Isaac who said he had the authority from Government to hand-over the Boy's Home Unit as he was the president of the alleged Association, whereas Dr. Chinnappa made a definite statement that he was the Vice-president and K. Mathan, Esq., B.A., the President. I am left wondering who to believe in this "Comedy of Errors" There is one thing that I can assure you, which is, that Mr. Isaac's name was never at any time mentioned in connection with this Association neither did he take any part in the transactions. He made his appearance here on 3rd August, and again on 20th September 32 in company with 3 others when he was most agressive and threaten my wife and I with criminal Intimidation for which a Criminal complaint has been filed against him under Sections 355 and 501 of the I.P.C. on the file of the First Class Magistrate, Doddaballapur(C.C. No.27 of 32-33). My allegation against Dr. Chinnappa submitted on 13th June last in the form of a petition still remains unanswered. I like to know what Government has done in the matter.

9. I understand that all these properties have been recently transferred to your Government by Mr. Borthwick. Please note that the transfer is against Law since he held no Power of Attorney from the American Board to effect such a transfer and consequently he was in the position of one having no Locus Standi.

10. I attach greater importance to Dr. Paul Chinnappa's original lettersand his remarks contained therein about " safe-guarding these

P.T.O.

these properties" Vide PARA FIVE. I maintain that he stands self-condemned, as they go to prove what ulteriror designs he had on these properties for self interest. Aparently he is under the impression that I have destroyed his letters proving the above but I have them well preserved and can showthem to Government in original if desired. I beg to give you a further quotation from Dr. A. Vincent's letter dated Yarcaud 18-5-32 "please find out the name of the Director of Education, so that we can post it to him personally. If it goes to D.P.I., Dr. C. will seize it and sit on it. Until he amends he behaviour neither she nor I will send him even a pie for his work. When I said I thought his scheme was an excellent one I ment for him. I would never have let him have it only for fear the Plattons would seize it.

12 1935

In conclusion, I would respectfully ask you to kindly refer my complaints set-forth here to Government for their sympathetic consideration and a just and equitable pronouncement as I feel that I have been grossly insulted and my legal rights interfered with by Dr. Paul Chinnappa and Mr. Isaac (both Christians), when as a matter of fact I went out of my way to help them in every way possible. Anxiously waiting for favour of early orders, and the immediate removal of the misunderstanding regarding the Boy's Home Unit. I

Dear Sir,

With reference to my letter of May 11, 1932, in which I handed over to you as Secretary of the above Association certain properties belonging to the Heart of Indian Mission at Doddballapur, I beg to state the following:-

1: This was simply a temporary arrangement pending Dr. Vincent's approval, since I have no Power of attorney to act upon in behalf of the Mission.

2. Dr. Vincent has documentary evidence which will prove that all the furniture of the said properties were handed over to Mr. J. C. Mudford more than three months ago, therefore it was never our intention to hand over these to the Mysore Indian Christian Education Fund Association. Mr. Mudford & I made this clear in a personal conversation to Dr. Chinnappa.

3. Dr. Vincent had no intention to hand over the Hospital to the above mentioned Association. I mentioned this to Dr. Chinnappa and the others who were with him when I wrote the May 11th letter mentioned above. He asked me to hand it over temporarily in order to avoid Mr. Platt or any one else from seizing it for their own use. In view of the above mentioned facts, I ask that You kindly remove the seals that your Association has placed on the doors of the Mission bungalows of the Girls Home and permit Mr. & Mrs. Mudford to remove my personal belongings that I left in my room in their care.

Thanking You in anticipation.

I am, Yours truly,

Copy of an Affidavit by Miss Florence A. Young dated Los Angeles, State of California, U.S.A - 11-7-1932.

No. 1. (4-) AFFIDAVIT.

103

I, Florence A. Young, at present residing at 1245½ N. Sierra Bonita Avenue, Pasadena, California, U.S. America; do make oath and say as follows:

1. I was missionary in charge of the Girls Home of The Heart of India Mission Band of California, situated in Doddaballapur, Mysore State, S. India, until May the 13th 1932, when I left my position to go to America on deputation work.

2. The Heart of India Mission Band, Inc: has transferred its properties in Doddaballapur to The Mysore Indian Christian Education Fund Association after the suggestion was made for various reasons by some of the leaders of this Association to effect a temporary transfer with possession before my departure which would be duly confirmed by the Supdt. of the said H. I. Mission Band, Inc:

3. The actual properties involved were (1) a Girls Home known as "Children's Paradise" (2) Mission Bungalow attached to Girls Home (3) Hospital with Doctor's quarters, out houses & other appurtenances belonging to them (4) Boys Home Unit (5) thirteen acres and seven guntas of land on which No. 1 is built.

4. The temporary transfer made by me to meet the urgent need which the situation demanded, was effected on certain terms and conditions to which all the parties mutually agreed, namely, (a) that item No. 3; that is, the Hospital with Doctors quarters etc; would be deemed to be held as in the possession of the Mysore Indian Christian Education Fund Association only as a safeguard against the probability of forcible possession by a third party (b) that the said Mysore Indian Christian Education Fund association would write a letter to the Superintendent of the said Heart of India Mission Band Inc:, making it very clear that only temporary possession was given to them by me for reasons stated above and that they would gladly hand back absolute possession to the said H. I. M. Band Inc: when they were called upon to do so.

5. I now learn with grave concern that the leaders of the said Mysore Indian Christian Education Fund Association have already broken faith and gone back on their word of honor to write the letter in question and they have forcibly retained possession of certain furniture which was left in the Girls Home and missionary Bungalows and was never intended to be handed over to them but to be given Mr. J. C. Midford on authority of the Superintendent in India of the Heart of India Mission Band, Inc:, Dr. Allan Vincent.

6. This unchristian act amounting to dishonesty, has shocked me more than words can describe, especially as I was convinced in my mind that I was dealing with honourable Christian gentlemen of high spiritual character for whose cause I recommended the transfer of these properties both to the American Board of Control and to the Superintendent in India of the H. I. M. Band, Inc: with success and as the result of which I left for America to go on deputation work with a view of raising funds to further the work of the said Mysore Indian Christian Education Fund Association.

7. This deplorable act on the part of the

Readers leaves my mind in grave doubt and I must conclude that there must be some mistake somewhere which I am praying will be cleared up by God in His Providence.

Dear Dr. Vincent,

I am in receipt of your letter dated 15th inst. The undated letter is written by Dr. G.P. Chinnappa and though it has my signature yet, it it has not my consent which please note. Whatever that took place on Saturday (14-5-32) in Dodballapur, was most unchristian I should admit, and I never thought that some of us or at least two of us would behave in such an unworthy manner.

I really sympathise with Mr. Hidford. In my opinion Dr. Chinnappa had no business to interfere with my work (i.e. taking possession of the buildings)in so doing he had not only neglected and overruled the Secretary but also has taken an undue advantage of things by acting as an independent and powerful Government officer on the spot, which is indeed objectionable. Let not this true information trouble in the least Doctor, for with the help of the Committee, I hope to adjust matters satisfactorily in the near future. The Association is keen on starting the Boarding School soon provided, you sent the money we are in need of at an early date. I am really very sorry for what all happened on Saturday while I was there to take possession of the buildings as per your desire. It looks very strange to me to find men of higher worldly position in life with no knowledge of the precious spring our our LORD. "What shall it profit a man", "If he shall gain the whole world and loose his own Soul"?

Please treat this as a personal information and oblige.

With kindregards,

Very sincerely yours,

Sd/- Z. John.

I am writing to you

help me as I feel sure that
you will as it is in your

Some time ago
my husband called on your

of this property known as the
"Boys Home" situated here
which comprises of many small
buildings among which stands

a very large building known as the "Boys' Home Unit" on which your Government advanced the Coaaf and which was said to be over 15 months ago which Count according to a Deed of Sale in favour of my husband by the Head of Indian mission. We have enjoyed peaceful possession for the past 15 months I enclose Copy of the Sale Deed for you to see - the original of which I can show you if desired.

Yesterday to our surprise

the Collector called to take possession on behalf of Government the Boys Home Unit" which are painted out over the single building mentioned above, but he has interpreted the word Unit to mean all our other buildings which of Course is quite wrong, as the word Unit signifies Single - or one. I would like it to be understood that we purchased all this property and the furniture long before your benign Government ever entered into the matter at all - This matter, quite easily solved and would save us a lot of unnecessary worry and expence if you would be good enough

to help us in this matter as there seems to be a lot of misunderstanding, an instance of which is, that Mr Borthwick had no right to transfer our property to Government since he held no Power of Attorney to do so, Consequently he was in the position of one having no Legal Standi-

this building - and, that due to unforeseen circumstances over which I had no control (as the building was the propert of Govt:) I saw no reason why I should pay the amount to him which he demanded from me in full, since we had already agreed in October 1931 that I should deal direct with Government in this matter.

2. I immediatly took steps to deal direct with Govt: and after a lot of correspondence and interviews I was the means of the visit of the 1st member of Council to Govt: who inspected the Boy's Home on 15th Novbr. Since then I have received a letter from Govt:, who have acknowledged my purchase of this building from the Mission, and they have now demanded from me the payment of their subsidy grant of Rs 6,000/- advanced by them in 1927-'28 for the erection of the Boy's Home which then came into existence. (vide Govt: letter No: Edu: E 2064 d/- 15-12-'32) a copy of which I can send if desired.

3. I have also recvd: a Cablegram from the Board of Control of the said Mission in America, who have granted me a concession in the agreed price of Rs 10,000/- to Rs 6,000/- I have thereby confirmed the sale of the said properties to me.

While this is the correct state of affairs I fail to understand how a Subdt: of the Heart of India Mission in India has got a right to instruct you to demand by Registered notice that I should quit the Mission premises (which belongs to me including Hospital, Doctor's quarters etc.) mentioned in your letter.

Dear Sirs,

I am in receipt of your Regd letter of 21st & in reply I beg to state as follows:-

1. I absolutely deny that I entered into a rental agreement for the Boy's Home with the Supdt. of the Heart of India Mission at any period since my purchase of the properties on 1-7-1931 situated here and at Basettihalli Village, from Dr. A. Vincent, late Supdt. of the said Mission, with absolute possession for Rs 10,000/= Included in this property is a single building measuring 150 x 25 feet, which was sold to me under the apprehension that it also belonged to the Mission. After I was in occupation for four months I discovered that this building is the property of the Mysore Government & I immediately drew Dr. Vincent's attention to the mistake he had made & pointed out that it was built by a subsidy grant of Rs 6,000/= advanced by Government for that purpose. We mutually agreed that this sum should be deducted from the purchase price of Rs 10,000/= & I should deal direct with Govt. in this matter. Before Dr. Vincent had intended to relinquish his post of Supdt. on 30-6-32 I asked him to secure my legal right over this building as I was afraid Govt. would seize it without giving me an opportunity of purchasing it from them and on 20-6-32 I gave him a letter to the effect that I would pay a rental of Re 1/= from 1-1-32 to 31-12-32 for the sake of formality - to give me the legal right to have a hold on

To.
Amin-ul-Mulk Sir Mirza Mahomed Ismail C.I.E., O.B.E.,
Dewan of Mysore,
Bangalore.

Dear Dewan Saheb,

A few months ago you were good enough to give Mr J.R.Isaac and myself an interview at which the possibility of the Y.M.C.A. opening a Rural Reconstruction Centre in Mysore was discussed. At that time it was suggested that with a view to interesting the State representatives in the idea of Rural Reconstruction work it would be a good thing to arrange for a Rural Reconstruction exhibit at the Dasara Exhibition. In accordance with this suggestion we placed before the Mysore Government a proposal regardigg such an exhibit which was sanctioned, and as you are probabl, aware we were able to arrange for a good exhibit of cottage industries during the Exhibition.

It has now been suggested that it may be desirable for us to place before the Mysore Government a plan for the opening of a Rural Reconstruction Centre in the Mysore State with the aid of a subsidy from the Government. This has come into the sphere of practical politics at the present moment especially because we understand that there is a possibility of the buildings previously used by the Heart of Indiax Mission at Dodballapur being handed over by the Government to the Y.M.C.A. for such a Centre.

Dodballapur seems to be a suitable location for a Rural Reconstruction Centre. It is in a distinctively rural area with a large number of villages within easy reach and with a soil suited for experimental work. It is also on a main road and on the railway and near enough to Bangalore to provide a suitable market for the products of the Centre.

In view of this situation and in view of your interest in rural work I have the honour to place before you on behalf of the Y.M.C.A. the following plan and budget for such a centre. I have discussed this with our National General Secretary, Mr B.L.Rallia Ram, and he has authorised me to place this matter before you. I must however inform you

65 77 124

that while the National Council has given tentative approval to this proposition they have not yet come to any final decision as they wish to know what the attitude of the Mysore Government to this whole project is before doing so.

It is our present plan to arrange for the transfer of Mr J.N.Jayakaran, who is the Secretary in charge of the Rural Reconstruction Centre at Ramanathapuram, to this new Centre in Mysore. He is one of our most experienced Secretaries and has developed the Ramanathapuram Centre from its beginning. He has also had the advantage of a tour in England under the auspices of the Horace Plunkett Foundation when he studied the whole subject of rural development through co-operation, and saw a good deal of what is being done in Ireland, Denmark, Germany, Italy and other countries. He knows the villages of South India intimately and is an expert in poultry and bee keeping, and has a very wide and practical knowledge of agriculture and fruit culture.

In addition to running ~~be running~~ the ordinary work of the Centre he has also been conducting a Summer Training School for rural service workers. These workers have come from all over South India and even from some centres in North India and it is proposed that this training for South India should be transferred ~~from~~ to Mysore if the Secretary comes there.

The Budget makes provision both for non-recurring capital expenditure and for recurring expenditure. We have kept it as low as it is possible to do while providing for a work that will be worth while. It is of very little value planning for a centre unless we can guarantee that the work carried on in that centre will be worth the effort and the expenditure and it is our opinion that any lesser budget will not fulfill this need.

The total capital expenditure provided is Rs.7500 which includes an item of Rs.1500 for the provision of a well and a pump. Out of this total capital expenditure the Y.M.C.A. is prepared to find Rs.2500 and this would leave Rs.5000 to be provided by the Mysore Government.

The annual recurring expenditure will amount , according to this budget, to Rs.8930. It is proposed that the Y.M.C.A. should find Rs.3930 of this and that the Mysore Government should be asked to provide Rs.5000 per annum.

There are two other questions that will have to be decided. First, under what terms and conditions is the property to be handed over to the Y.M.C.A. ? If the Y.M.C.A. is to keep the buildings in repair, or will the Mysore Government be prepared to find the funds for this purpose from time to time. Unless the property is vested in the Y.M.C.A. it will be a little difficult for the Y.M.C.A. to spend money on the buildings.

Secondly, the National Council would wish to know for what period the Mysore Government would be prepared to guarantee the annual grant of Rs.5000.

We should prefer a period of five years if possible as it will not be easy to make a worth while demonstration in a new centre in a shorter time than this. But we would wish to have definite information concerning this before coming to a final decision.

I understand that Mr J.R.Isaac as President of the Educational Fund if the Indian Christian Association has handed over the property at Dodballapur to the Government and that this property is now in possession of the Government. Both Mr Rd lia Ram and Myself have seen the property and feel that it is suitable for the purpose of a Rural Reconstruction Centre. Mr Jayakaran of Ramanathapuram also came and saw the property and was satisfied with it.

We are very anxious to have the decision of the Mysore Government in regard to this project at an early date as we have plans ourselves for the development of the work in Ramanathapuram at Coimbatore, and if it were decided to open a centre in Mysore in accordance with this proposal these plans would have to be modified. We shall be very grateful therefore if it is possible for the Mysore Government to give us an early reply in regard to this matter.

In sending this proposal to you I should like to say on behalf of the National Council how greatly we have appreciated your interest and the interest of your Government in the Rural Reconstruction work which we have been doing, and indeed in all our Y.M.C.A. work and how grateful we are to you and your Government for all the help that you have rendered in the past. I think that you know sufficiently of our work to understand that our aims are non-sectarian and of the widest possible scope.

I have the honour to be

Yours faithfully,

H.A.Popley

Sir,

As requested I enclose copy of my Power of attorney received from our American Board and trust to hear the same is in order.

If you will permit I would like again to refer to our conversation of yesterday and to emphasise that unless a fair price is mentioned the Board might be inclined to retain the hospital and hope rather than give it away for next to nothing. Personally I would rather see the Government take it all ent think you must agree that Mr Isaac's thought of two or three thousand was ridiculous The four wells alone would cost more if they had to be dug. Along with hospital there is a small doctor's house standing between hospital and Home with a large garage behind. Dont know if you noticed these two buildings.

as regards the farming of the place a Government Forest officer recently visited the place and was very enthusiastic along this line. at that time Dr Vincent thought he might retain the place as a Bible School.

I feel I need not refer to the Midford affair His erection would be a very simple matter with

Government. Am staying over till Monday morning and may go out to-morrow or Saturday and see the Amildar at Doddaballapur. I suppose my first duty would be to advise him that the place is now being handed over to Government pending favorable reply from Home Board and give him a months notice to leave the place. Will consult with the Amildar about it when I go out. I thank you for your kind and considerate treatment and trust an amicable settlement may soon be reached. Dear Mr. Anantharaman,

You are aware that the Heart of India Mission which was carrying on educational and medical work for boys and girls near Doddaballapur has now discontinued its work there and that the Government, having given grants to the extent of Rs.10,000 for the girls' home (Children's Paradise) and Rs. 6,000 for the Boys' home, have a lien to this extent on these buildings. These buildings (except for some complications in respect of the Boys' home due to Mr. Midford's occupation) have been taken over by the Amildar to his charge under instructions from Government. Mr. Borthwick representing the Heart of India Mission suggested yesterday that he would be willing to make over all the rights of the Mission in the property provided they can get something for it over and above what is due to Government He mentioned the amount Rs.10,000, and subsequent discussions ~~when you were present~~ showed that he might be willing to accept something less. The Government have already spent Rs.16,000 on these buildings which are now practically lost and Government natural do not want to throw away good money for nothing. As you know, there is a proposal to start a rural reconstruction centre in this place and it is understood that the place is ~~eminently~~ fairly well suited for this purpose. I shall be glad to have a full note from you in regard to these properties and the action that Government might ~~profitably~~ properly take in respect of them. This note may in particular deal

(2) To what extent the properties are in a state of good preservation and how they can be made use of;

(3) Whether if the properties are sold there would be any purchasers and what price would be realised;

(4) Whether it would be advantageous for Government to obtain full rights over these properties and if so whether any further payment to the Heart of India Mission would be justified and to what extent.

The note may be kindly ~~submitted~~ [sent] at an early date.

Dated the 24th November 1932.

Dear Sir,

With reference to your D.O. letter dated the 17th instant, I beg to submit herewith a note regarding the properties owned by the Heart of India Mission at Dodballapur.

The buildings in question will be admirably suited to the requirements of a rural reconstruction centre. The Heart of India Mission describes itself as International and Interdenominational. If the buildings are used for housing a rural reconstruction unit run by the Y.M.C.A., the Mission will have the satisfaction that activities similar to what it has been so far carrying out will be continued there.

Even if the rural reconstruction centre does not materialise it would be a good thing for the Government to own the properties as they may be utilised for providing quarters to the Officers stationed at Dodballapur.

I am sorry for the delay in sending the note which is due for the fact that certain information which I had called for from Dodballapur came in only yesterday.

With kind regards,

I am
Yours sincerely,

N O T E.

The Heart of India Mission owns buildings in two - places in Dodballapur. One group of buildings is situated in Basettihalli Village by the side of the Bangalore-Dodballapur Road and the other group of buildings in Arehalli - Guddadahalli Village on the loop-road connecting Dodballapur-Devanhalli Road with the Bangalore-Dodballapur Road. The former includes a bungalow with living and School rooms, - Chapel etc., attached, which goes by the name of the Children's Paradise, a dispensary, Doctor's quarters, servants quarters and a Garage. The other group of buildings goes by the name of Boys Home buildings and includes a bungalow, living and - School rooms, called the Boy's unit, a Chapel and a few other minor buildings. The Children's Paradise buildings stand on a plot of land measuring 13 acres. There is a mango garden - attached to the property, measuring 4 acres and 8 guntas. The Boys Home buildings stand on a plot of land measuring 59 acres 37 guntas.

2. The Government has made a contribution of - Rs 16,000/- for two buildings only viz., the Children's Paradise in the Girls Home group and the Boys unit in the Boys Home - buildings.

3. The several buildings must have cost quite a - large sum of money. I understand that the Government grant of Rs 16,000/- represents 50% of their cost. If this is correct, the total cost of the two buildings for which contribution has been paid must have amounted to Rs 32,000/- The total - amount spent by the Mission on land and buildings on these two properties would, I think, amount to not less than Rs 40,000/-

4. The condition of the buildings at present is very unsatisfactory. They are badly designed. The span of the - roof is too great and the section of beams etc., used is not thick enough to carry the weight of the roof. Jungle wood has been used. The result is that the roof has warped and in places has got quite out of shape. In order to put the buildings into good repair it is necessary to remove the roof and rebuild it

(37)

it with good timber. The walls of the buildings that constitute the Children's Paradise are cracked and in bad repair. A large sum of money not less than Rs 7000/- or 8,000/- will therefore be necessary to put all these buildings into a safe condition.

5. I do not think that it will be easy to dispose of the property. The average purchaser has no use for the buildings that now exist. Even one who has use for them is not likely to pay a big price in their present state of disrepair. Mr. Midford who appears to be a sepculator has - offered only Rs 10,000/- for all the buildings together and I think it is about as fair a price as can be expected. Dr. Vincent on behalf of the Mission accepted it. I would allocate this amount as Rs 3,500/- for the land and Rs 6,500/- for the buildings. The land as agricultural land is very poor except a small extent in the low-lying portions on which fruit trees may possibly be grown with the aid of wells.

6. If the buildings are required by anybody for a purpose similar to that of the Mission as for instance a - Boarding-School, it may be worth his while to pay between - Rs 10,000/- to Rs 15,000/- for the property. But without any such prospect I do not think it is worth even Rs 10,000/-.

7. Government have already paid Rs 16,000/-. There is no prospect of recovering it. The Mission has wound up its activities and is unable to carry on the work. The Mission cannot dispose of the property to others without making good the money invested by Government. It may be worth Government's while to acquire this property by paying a small amount to the Mission for their rights. I think that if the Mission is willing to hand over the whole property to Government for Rs 2,500/- it may be acquired. Anything more than that is not deserved.

8. So far as the Mission is concerned it is not free to sell the property till it repays the Government grant of Rs 16,000/-. The two properties together cannot bring in that amount. If Government pays Rs 2,500/- to the Mission that will

90 [illegible]

will mean that the price paid is really Rs 16,000/- plus Rs2,500/- plus the liabilities represented by the necessary repairs and by the cost of the ejection suit against Mr. Midford.

9. I may point out that the properties in Arehalli-Guddadahalli, except the Boys unit are in the possession of - Mr. Midford. He holds an agreement to sell executed in his favour by Dr. Vincent who was the Superintendent of the Mission some time ago. He is in actual possession of almost all the buildings having been so placed by Dr. Vincent. Although Mr. Midford's position at present is only that of lessee, the sale not having been completed, it is doubtful if he can be got vacate the properties without a law suit.

Dear Mr. Borthwick,

I hope you have received my letter of the 18th instant addressed to you at Bangalore. In regard to the power of attorney held by you, I am advised that it is somewhat defective. I enclose an extract from the legal opinion on the subject furnished to me. If ~~the~~ words are added to the power of attorney as indicated in the enclosure, I understand the power would enable you to deal with the property effectively.

Issued from here on 30/XI/32 Bdg.

As regards the terms on which the ownership of the property may be transferred to the Government, it is altogether impossible for Government to pay the ~~you~~ Rs.10,000 or anything like that. As to the value of the property the Deputy Commissioner of Bangalore writes as follows:-

"I do not think that it will be easy to dispose of the property. The average purchaser has no use for the buildings that now exist. Even one who has use for them is not likely to pay a big price in their present state of disrepair. Mr.Midford who appears to be a speculator has offered only Rs.10,000 for all the buildings together and I think it is about as fair a price as can be expected. Dr.Vincent on behalf of the Mission accepted it. I would allocate this amount as Rs. 3,500 for the land and Rs.6,500 for the buildings. The land as agricultural land

is very poor except a small extent in the low-lying portions on which fruit trees may possibly be grown with the aid of wells. If the buildings are required by anybody for a purpose similar to that of the Mission as for instance a Boarding school, it may be worth his while to pay between Rs. 10,000 to Rs.15,000 for the property. But without any such prospect I do not think it is worth even Rs.10,000."

If you can find a sale for the entire property and can realise a substantial sum over and above the amount due to Government, you may certainly do so if that is the desire of the Mission. The utmost that I might be able to induce the Govt. to offer would be Rs.2,000. If your Mission is agreeable to this I shall endeavour to induce the Government to ~~accept~~ offer this ~~figure~~ amount. Meantime, the Amildar will continue to be in possession of the properties on behalf of Government. But you will observe that any delay in finally disposing of the matter will result in further deterioration of the property and postpone the possibility of the buildings being put to ~~some~~ useful service.

19.4.33

Sir,

While thanking you for your letter No. E 3381-Edn-132-31 dated 11th April 1933, I much regret that Govt: is unable to comply with my request.

I beg to submit that I have repeatedly informed Govt: by communications and interviews that I had purchased certain properties from the Heart of India Mission Band, Inc:, as far back as 1st July 1931 - with absolute possession - and in proof of this, I sent you a copy of the Sale deed & List of Furniture attached thereto on 5th Oct: 1932, and in addition, I made it very clear that I was waiting for a concession in price which had been recommended by Dr. Vincent and Miss J. A. Young.

There was no object or valid reason why this Agreement to sell should be stamped according to Law, because the question of a Concession had first to be settled before the correct value of Stamps could be fixed thereon. This matter was a private one and it concerns only Dr. Vincent & I, but it has been made much of against me.

This Concession - Rs 4-000/- - and the confirmation of the Sale of these properties to me was given effect to at a Board meeting of the members of the said Mission on 19-11-1932, and a Cablegram was sent to me bearing that date, followed by a communication by letter confirming the Sale to me and the concession in price.

I wrote & acquainted your Govt: of these facts on 31-12-1932.

Thus, by this concession of Rs 4,000/-, the purchase price of Rs 10,000/- has been reduced to Rs 6,000/-, which amt. has to

170

be paid to Govt: only since nothing is due by me to the said Mission who have conceded their right to me by the grant of the said Concession in my favour & cannot now reverse it! By the mere fact that because I have not paid your Govt: for the Boy's Home Unit for causes explained in my letters dy. 27-2-'33 & 27-3-'33, it does not in any way effect my legal rights over the other properties (which does not form part of Govt: property) which have passed automatically into my possession by the grant of the said Concession.

I have heard on reliable authority that Mr. Borthwick is negotiating with your Govt: for the sale of the Hospital on the strength of a Power of attorney granted to him a few weeks back by the Board in America, who have been gulled by more misrepresentation!

Such a power is null and void in Law as it cannot take precedence to a valid bona fide document executed in my favour nearly 2 years previously and confirmed by the said Board 4 months previous to the said Power of attorney I do not think that your Government would even entertain such an illegal suggestion, much less be an actual party to it? But since it is quite possible that they can be mislead on the strength of misrepresentation by men who have their own selfish motives at heart, I must warn you please under no consideration to entertain such a suggestion.

Since I am the rightful & legal owner of the Hospital & Doctor's quarters, I am quite prepared to make a suggestion to your Govt:, which is, that they hand over to me the Boy's Home Unit in exchange for the Hospital & Doctor's quarters & a portion of land.

Prayer:- In conclusion, I most respectfully pray that if the rumour I hear about the negotiations for the sale of my Hospital by Mr. Borthwick to your Govt: has any foundation of truth, that Government will issue immediate orders for a stay of such negotiations and the cancellation of same.

Yours truly,

J. C. Medford

Dear Lr. Matthan,

Mr. Midford has been coming to Mr. Rajarathnam the Assistant Secretary who is now stationed at Doddballapur and telling him that he has purchased the whole property for Rs.6,000/- from the Heart of India Mission and that the property is his even though he has not paid the amount. He has also brought with him one missionary lady by the name of Miss Marrow and he has told Mr. Rajarathnam that a ordained minister is also coming very soon for them and they are going to to reopen their own mission and that Miss Marrow and that ordained missionary are going to stay at the Dispensary buildings. It seems Miss Marrow told Mr. Rajarathnam that she has just come to give him notice. Evidently Mr. Midford is trying to create trouble by ~~encouraging~~ encroaching into this Girls' Home also. It seems Mr. Midford told Mr. Rajarathnam that he has written to the Government about it. I think it is high time that Mr. Midford is asked to leave by the Government.

I have sent in a reminder to Mr. McClelland and I am sure he will have the letter ready in a few days. I am so sorry for the delay.

Yours sincerely,

SIR,

Subject:—

With reference to your letter No.P.6080 dated 23rd May 1933 in the matter of obtaining peaceful possession of the properties of the late Heart of India Mission from Mr.Midford, I have the honour to state that Mr.Midford has declined to vacate the said buildings and give possession of the same. A copy of the shara made by him on the notice issued by the Amildar, Doddaballapur asking him to hand over possession of the buildings is enclosed for reference. Legal action will have to be taken against him for obtaining possession of the properties in question.

Copy of shara made by Mr.J.C.Midford on the notice issued by the Taluk Office, Doddaballapur.

Mr.J.C.Midford has received a copy of this Notice. I emphatically decline to vacate and give possession of any of the properties mentioned in this notice to your Government for the following reasons:-

1. These properties were sold to me on 1-7-1931 by Dr. Allan Vincent for Rs.10,000/- by a contract of sale with absolute possession and I paid Rs.100/- as earnest money for which he gave me a receipt. The agreed sale price included all and every description of furniture and other movable articles in the Boys' home and Girls' home and School as per list sent to Government. In this contract of sale one recital is as follows:- " I agree to have this transaction duly confirmed by a Regular Sale Deed in due course" on the understanding between us that the confirmation of sale in my favour would be effected after I had received a concession in price from the American Board for honorary services rendered.

2. Miss.F.A.Young, Representative of the said Mission of Pasadena California and a Member of the said Mission Board, who had recommended the concession convened a meeting of the members of the said Board on 18-11-32 who unanimously agreed to give me a concession of Rs.4000/-(almost half the agreed sale price) and the balance of Rs.6000/- had to be paid by me to the Mysore Government.

3. I wrote to Government on 5-10-1932, 9-11-32, 5-12-32 and 31-12-1932 for a reduction in price for the Boys' Unit and intimating that I had received a concession from the American Board and that Mr.Borthwick had no Power of attorney to sell these properties to Government. On 18-4-33 I wrote to Government making a suggestion that we should exchange the Boys' Home Unit for the Hospital and Doctors' quarters which was sold to me under the said contract of sale and again I pointed out that Mr.Borthwick had no right to negotiate with Government for the sale of these properties under a recent Power of attorney granted to him as such a power is null and void in law and it cannot be take precedence to a bonafide document executed in my favour 2 years previously and confirmed by the Board in America by the grant of

189

of a concession of Rs.4000/-.

4. I have had several interviews with Mr.K.Mathan, B.A., Ist Member of Council and he promised that Government would not interfere with the internal arrangements between the Mission and myself as they had no desire to become involved in litigation. Under these circumstances I fail to see how Government can call upon me (after I have enjoyed 2 years possession of these properties) to vacate them and neither can they purchase these properties from any one except the bona-fide owner.

5. We are British subjects and I purchased these properties in the State of His Highness the Maharaja of Mysore with the full assurance and belief that I would be protected by its Laws and enjoy the same freedom and liberty as that obtaining in British India and if your Government is going to act contrary to its promise of non-interference, I must again decline to concede any rights of ownership over these properties to any one else who have no right whatever to claim them.

Sd. J.C.Midford,
15th June 1933.

P.S. Your Government has also written to me on 15-12-1932 as follows:- "With reference to your letter dated 9th November 1932" regarding the purchase of the Boys' Home Unit by you from the Heart of India Mission " etc etc.

This is self evident that Government was aware that I had purchased these properties from the Mission!!!

SIR,

In continuation of this office U.O. No.8, dated the 18th July 1933, I have the honor to forward herewith for the information of Government, copy of a letter dated 31st July 1933, received from Mr. T. Letter No. Nil, dated 31st July 1933, from T. Siddalingaiya, Esq., B.A., B.L., Advocate, Dodballapur, to The Government Advocate in Mysore, Bangalore.

*****

"In reply to your letter No. 40 dated Bangalore 17/18 July 1933, I am instructed by my client Mr. J. C. Midford, Guddahalli, Dodballapur Tq., as follows :-

"That the sale transactions into which the Government of Mysore have entered are not true; and even if true, are not bonafide and legal, nor, in the least binding on my client. But they are influenced by interested persons in power to defraud my client. The Government have been apprised and the authorities are fully conscious, of the lawful and bonafide ownership and possession of my client. Certain authorities interested in the Missionary Propoganda in the State of Mysore, made some inroads to intimidate my client. Having failed in their personal attempts, they seem to move the whole Government machinery for this unworthy task."

"My client resents very much the allegations in your notice that he put forward "untrue allegations". The correspondence between my client and yours amply discloses that the Government are neither right nor legally justified in interfering in matters of this nature. If in the face of all the facts that they have been put in possession of, they should run a litigation, they do it for reasons best known to themselves, and my client is prepared to meer them in a proper forum of law. Hoping to be excused for the trouble."

Dear Sir,

I am sorry you did not write to me on the question of the Sale of the H. I. Mission properties to me by Dr. Allan Vincent, when you called on the 19-11-1932, although you promised Miss Young that you would do so in August 1932. I received no letter before the Cable or after from you.

Without recapitulating the details of these transactions, I think it would be better if I came straight to the point, as you are already conversant with them from my letters to Miss Young, who has shown them to you and to the members of the Board as the result of which they very kindly granted me the Concession of Rs 4,000/- in price.

Not having received any letter from you I thought it was only right to make Mr. Vedders acquainted with all the details of this transaction because she was good enough to convey a message of appreciation to my wife and I, through Miss Young, for what we had done for the Mission. So I accordingly enclose herewith a copy of my letter to this Lady dated 15th May 1933 which will explain the whole situation as regards the Sale of the mission properties to me on 1-7-1931.

From a careful study of my letter you will observe that the VITAL POINT AT ISSUE is this that these properties were sold to me for Rs 10,000/-, in which was included the Bajo Home Unit, which was sold to me by a mistake, and when this mistake was discovered, Dr Vincent & I agreed that I should deal direct with the Mysore Government & make my own arrangements to pay

them Rs 6000/=, but that I was bound to pay the Mission Rs 4000/= !!! Miss Young made strong pleas for me to your Board Members for a reduction in price, and she succeeded in obtaining for me a concession of Rs 4000/- (i.e. a reduction from the agreed Sale price of Rs 10000/-) on the 18-11-1932, which meant that I had only to pay the Govt. Rs 6000/- and there the matter ended without any further obligation to your Mission!

Kindly place this letter and the enclosed copy of my letter addressed to Mrs Vedders, before the members of the Mission Board and draw their attention to para 7.

Now that these properties have passed absolutely into my possession I shall feel much obliged if you will kindly have the necessary deeds and papers drawn up in my favour giving the right of ownership to me of the said properties in Boy's House (six buildings etc. etc.) Hospital Doctor's Quarters, out-houses etc. mango Tope, Well & a Stone Watchman Hut - according to the details in Sale Deed already in my favour, but excluding the Boy's House Unit measuring 150 x 25 feet - at your earliest convenience to bring this long pending matter to a close.

Thanking you for a reply by Cable & the confirmation & sending by the Deeds etc in my favour.

I would be further obliged if you could also send me all letters and petitions written to you or the Board by Indians or others against me, which will enable me to clear up cases I have pending.

I remain, Yours truly, Sd/- E. Grandford

Extracts from letters of American Secy

Jan 6th 1932 Regarding the matter of Mr. Midford and the cable that the Board sent to him.-

This was a result of a lot of correspondence that Miss Young had received from the said Mr Midford to the effect that he wanted the Board to make him a special offer for the Dodballapur property which he is now occupying and for which he said he would deposit the money in the Bank subject to the Boards order and your approval and at the request of Miss Young a desire to please her the Board sent a cable in response to this request that we would take six thousand Rupees and for him to cable us when the money was deposited in the Bank to the credit of the H. I. M. B. whereupon we were to notify you to convey the property to him

We do not care for you to quote us but many of the Board were not in favour of this and was firmly of the opinion that Mr Midford would do no such thing But to satisfy Miss Young we did this so she could not say that we had ~~not~~ not endeavored to give Mr Midford a chance to purchase the property Will say that one reason Miss Young was so insistent on this was

that mr midford declared he would have no further dealings with you or Dr Vincent as our representatives. This will explain everything to you

V. J. Jacques.

Feb 10th 1933

Bro. B.

Regarding the midford matter you will have received our explanation. All members of the Board are with you and always thought mr midford was a rascal but to pacify Sister Young we thought no harm could come from offering the property for 6000 Rupees and instruct you to attend to the business part when he deposited the money in the Union Bank

Feb 25 - 1933

Sent you all ~~necessary~~ data & authority to get property out of eighteen

Enclosing P/A

On 14th Jan we sent you a cable grant saying Trust ~~dead~~ ees authorise you accept compensation of £2000 from Govt £2000 from Y & R Dodwell their property Special P/A in mail.

Regarding Mr Mudford I wrote you a week ago explaining reason

He wanted word direct from Board as he claimed he would not transact any business with our legal representatives on the field many reasons of which he gave but which are not necessary to state here However the Board would not consent to send

this cable only that Miss Young seemed to think that we should answer his letter and give him a chance to acquire the property if he so desired; so we finally settled that we would offer him the property for 6000 Rs and he was to deposit the money in the Bank and the Bank was to cable us when the money was so deposited. None of the Board members felt he could buy the property but so that Miss Y. could not say we did not give him a fair chance or deal we took this step to please her It in no wise reflects upon the Board's confidence in Vincent or yourself

Sir,

As requested I enclose a copy of my Power of Attorney received from our American Board and trust to hear the same is in order.

If you will permit I would like again to refer to our conversation of yesterday and to emphasise that unless a fair price is mentioned the Board might be inclined to retain the hospital and topes rather than give it away for next to nothing. Personally I would rather see the Government take it all but think you must agree that Mr. Isaac's thought of two or three thousand was ridiculous. The four wells alone would cost more if they had to be dug. Along with hospital there is a small doctor's house standing between hospital and Home with a large garage behind. Don't know if you noticed these buildings.

As regards the farming of the place a Government Forest Off recently visited the place and was very enthusiastic along this At that time Dr. Vincent thought he might retain the place as a School.

I feel I need not refer to the Midford affair. His eviction would be a very simple matter with Government. Am staying over til Monday morning and may go out tomorrow or Saturday and see the Amildar at Doddaballapur. I suppose my first duty would be to advise Midford that the place is now being handed over to Government pending favourable reply from Home Board and give him a month's notice to leave the place. Will consult with the Amildar about it when I go out.

I thank you for your kind and considerate treatment and trust an amicable settlement may soon be reached . If it would expedite matters I could cable Board as regards any tentative offer you may feel free to make; or I could write them fully by tomorrow's air mail and ask them to cable reply.

Exclusive of teachers and workers salaries and hospital expenses a sum of over thirty thousand rupees has been spent by the Missi in feeding and clothing poor children out there. If feeding the

hungry and clothing the naked isn't good business and giving the Government good returns for their investment then I don't know what business is. This I mention in case any criticisms arise in your Council.

My home address in Bangalore is behind Union Hall, 9 Cockburn road.

Thanking you,

I remain,

yours sincerely,

Sd/ W. Borthwick.

Dear Sir,

Re. Midford's case.

After seeing you yesterday I saw Mr. Ramakrishnayya and I explained to him the whole matter and also have left the documents with him to be perused as also my confidential note.

The delay in sending the documents to Rev.Borthwich was due to (i) the usual time taken in obtaining them from Court ; (2) the time taken in sending them to the Law Department and getting them back and then sending them to the Revenue Commissioner and getting them back; (3) an apprehension on my part based on reliable information, that they were going to be used against Government and certain officers of Government, in attempting to recover a supposed claim for Rs 2000/-

I have also explained the other circumstances to you in my letter H56 delivered yesterday to Mr.Ramakrishnayya and personally.

I will probably have to return them to Rev.Borthwick and I will do so after getting copies of the same soon,after

they are returned to me by Mr. Ramakrishnayya.

The Chief Secretary to the Government of Mysore,
Bangalore.

I have the honour to state that Rev. Borthwick of Salem who appeared as a witness on behalf of Government in a case inrespect of the properties at Doddaballapur in which Mr. Midford was concerned has been persistently writing to me for certain documents.

As I was and am under the impression that he is trying to get some money out of Government I sent all the letters to the Law Department. They were returned back to me to be sent direct to the Rev. Borthwick.

The records in the meantime had been sent to the Revenue Commissioner in Mysore for reference.

Now he is again demanding the letters from me.

I am enclosing them for your kind ~~XXXXXX~~ perusal.

I believe that Rev. Borthwick is likely to ask Government for Rs 2000/- and that , that is the reason for his asking for the letters as he complains that Mr. Midford was paid and not he.

I respectfully solicit your instructions in the matter and if directed I will return the enclosed 18 sheets to him.

To The Public Prosecutor, Bangalore

Sir,

I thank you for yours of Oct 28th enclosing original Power of attorney dated 8/1/34. as requested by you I am returning herewith by Registered letter post the two copies of the two General Powers of attorney sent by you as per your letter of 20/10/38.

As regards your remarks that threats were made in any of my letters to you I must take exception. Following the usual business procedure I simply gave you a friendly warning that if you would not attend to the matter early I would have to appeal to others to look into the matter. under the circumstance what else could I do ? In your letter to hand you still say nothing about the other eight documents for which you gave me a receipt. I have asked you repeatedly to return these. Have been told by officials that they were in their offices but had been returned to you with the request that you send them on to me. This you have not done neither have you offered any explanation of why you dont do so. Writing as you do about my position do you think that it is compatible with your position office to act in this way ? If you wish to make a copy of the letters send them around all the different departments I have no objection. all I'm asking is that you kindly send same by return or an explanation why you dont and when I may expect same.

Attended is a copy of the receipt for documents requested. Thanking you for an early reply

I am in receipt of yours of 20/10/38 in which you state you send certified copies of the two General Powers of attorney filed in Court 8/1/34 and 14/1/1933.

might I state I am amazed at this strange action again on your part. as you know I have repeatedly asked for original Power of attorney which I left with you along with eight other document for which you gave me a receipt. Need I repeat that I am not asking for copies but for those original documents I left with you. 2

Some of these I dates told were in the hands of the Secy of Mysore Govt and a letter just to hand from the Revenue Commissioner states that he has returned them to you with a request that you send them to me early.

I herewith again request that you send these original documents per return failing which I will have to take the matter up with the Dewan of Mysore the British Reside for Mysore

Bangalore 5/10/37 Salem Dt.

Sir applied for on 8/10/37 Thanks for certified copy of P/A as I think I mentioned it was the original I wanted as soon as you send me that I will send you original P/A No 2. The one you have is No 3 with fuller powers of later date. If the Govt wish me to come with it personally please see that thirty Rupees is sent to me before hand for expenses. I received nothing for my last visit. If you had mentioned it as Govt case (which it mostly is) I would have received expenses I am told; but you addressed it as the midpoint - Bathurst case. Think you can easily make it as one let Govt pay. They are more able to do so than I am. I have heard no more about the 2000 Rs owing me by Y.M.C.A who put blame on Mysore Govt

Mr. Bothwick who was also a defendant and who purported to represent the Mission was summoned by us and paid batta attended Court on some occasions. I appeared on his behalf also and without charging him any fees in the Government.

I am enclosing for the information of Government a copy of letter received from Mr. Borthwick and my reply thereto. Documents filed in Court can be obtained only after some time. Applications in this case have been filed for the return of all documents and they will be in due course be returned.

Since in the meanwhile Mr. Borthwick whom I defended

Dear Sir

I thank you for your defence papers to hand which I have duly signed and return herewith. In paragraph 20 I have included the word not sold to Plaintiff refering to furniture. This I expect is what you mean. As I wrote the other day the mission has no funds and is in fact two months behind with worker's salaries. As I said if you can get the 2,000 Rupees owing from Y.M.C.A. who blame Mysore Government for non payment then I shall gladly share with Government expenses of the case. Or if we can recover expenses out of Medford we will be able to do something. I have a list of mission furniture which he says he received written in his own handwriting. Must be worth 300 R's But who knows he may have sold it by now. Still we ought to be able surely to recover something if an eye is kept on the place meantime.

If you should have to wire for me. Kanyankurchee, Salem will find me. Salem is the telegraph office. From there it would be delivered to Kanyankurchee post office three miles off. A letter reaches in one day from Bangalore arrives in Post Office 8 A.M. Will keep a look out between 12 & 1 P.M. The Power of attorney asked for will be sent as soon as you send the one I left with you or Court.

Hoping for speedy success

Yours sincerely

Dear Mr Doraiswamy

I was hoping a small school case here would be finished yesterday but as the school committee failed to come to examine papers it was postponed. This means that I dont want to part with all my P/A's as I never know when they may call me. However if you send me back by registered post the P/A I left in court I will send on the one you mention which was used in the Madras case. The other two I can bring with me if necessary or send you copy. one you have in court

As I wrote the mission is not able to defend itself financially. You might please make this clear to Government I was advised by friends (not my lawyer) to leave it to Government to fight. Mr Graham however said it would weaken the case and so I was willing to help all possible finances apart. Either

the Government or y.m.c.a. have to give me 2,000 Rupees on the property. The y.m.c.a. claim the Government have not done their part. I think Government has to some extent at least but this is not for me to decide. All I know I was to get 4,000 Rupees I have only received 2,000 Rupees. Because of the extra 2,000 Rs promised by y. I included private property (an hospital etc in the deal)
Can you blame me if now I say pay up If you want me to defend the case. what gain will I get out of it I sold it to Government pointing out that they would have to deal with Mudford who was in Museum. Can they expect me after cutting down price as they did to go to further expense in defending the property? And so I'm willing to help but am not able financially unless the 2,000 Rupees due by y. is paid me immediately. Kind regards

Dear Mr Doraswamy,

Glad to receive your note and to know Govt was clear. Suppose the next phase in the battle will be I had no right to sell to yr because Dr Vincent had already sold to midford as regards that I find, that Dr V's P/A gave him no power to sell property being only a general one as mine's was. The Govt insisted on me getting a new one empowering to sell. ~~Hence~~ My first one I see also revokes all former P/A's as regards miss Young she had no authority to do anything. She was not at the two Board meetings I attended in America. Have a letter from Sec/ saying she was to work under Dr V — Supt Ken as regards the Board cabling midford to put 6,000 Rs in Bank. This I should think would have legally to go through me as I held the P/A

I can't think of any other claims he may bring up The furniture is the only thing with which I had anything to do but that is a minor matter. Trust you'll win again & that when things are settled you may help me to get the money the Y.M.C.A. promised

Yours sincerely
W Borthwick

I don't mind paying my own expenses but I'm helping them & am entitled to other expenses

Sorry can't find original letter of Y. but here is a copy I have dated Dec 1932 Case against Isaac Y.M.C.A. secy for trespassing was in Nov 28th 1932 at Dublin Isaac wrote my lawyer pleased to count that he has no bank a/c and a pauper's certificate has been granted to him by Dublin Judge Boyle ment. He has no property (He used to talk a lot of having a gold mine)

30/10/36

Yours to hand to-day Don't understand what you mean by 100 R's expenses. Will send the other as I see it I'm helping Govt. P/A next week to defend their property, seems they ought to pay fees etc This was the reason I asked you to make it a joint case and keep down expenses. What gain comes to me in

Dear Mr Doraswamy,

Yours of 2nd Nov. to hand. I am writing the Chief Secretary Government of Mysore Bangalore (I presume he's the one to write to) explaining the situation as I have explained it to you. Needless to say our Home Board are far from pleased with the deal and then to expect us to further defend it financially is surely more than can be expected.

Will await the reply of Govt in the matter

Dear Sir,

Have heard nothing from ... as regards expenses or the 12,000 Rupees owing to me from Y.M.C.A. I presume case is going on as I heard midford was asking for Dr Vincents' Power of attorney which Dr.V. he left with Major Denton 12 Cunningham Rd when he sold property there. Have just sent major Denton a notification note from American Board in which they say they gave Dr. V. authority to sell 12 Cunningham Rd. The same I should think would be required by midfords supposing he bought place at Ooty as he claims.

Have just received a card from Dr. V. in which he says he did not receive 100 Rupees from midford but that he was continually borrowing from him

Sir,

If it will be helpful please remember to see if mr midford is insolvent. The lawyer whom I'm told brought this out in Doddballapur Court on behalf of mr Isaac of Y. M. C. A. mr R. Shariff M.A. Commercial SI office above Western Stores will see if I have any other letters. After taking charge at Doddballapur I paid taxes etc. If mr midford had bought over place seems he should have paid. I see a copy of a letter from Dr. V. to Director of Public Instruction dated may 11th 1932 saying he had transfelled property to mysore assocn stating the Govt would approve of this. Vincent gave it to midford how could he so give to the assocn it'll leave it to your judgment as to if it would help in winning our case

Encl. 6 Enclosures

Dear Mr Dorgswamy, Yours of 6/10/36 to hand as requested I am sending a few letters which I trust will further help in defending our case against Midford.

Letter No I of Jan 14 - 1933. states the mission case very clearly. Have other letters bearing on same subject but I think this sums it up pretty clearly. Needless to say he did not get 6,000 in Bank

No II is in Vincents handwriting telling me how to write this was after his resignation when I took charge.

III Copy of a letter of Vincents to Z. Johin

IV account from midford shewing he was out there as a servant or watchman + paid for looking after things

note in letter I midford said he would not deal with Vincent or me. Why? Was it because he knew we had found him out and so thought she would have a try elsewhere? Why does he deal with us now

Have other letters but they are mixed up with other correspondence. If there is any other point you would like clearly stated let me know and I'll see if I have anything bearing on the subject. I have nothing written from Dr Vincent but he told me midford never paid him a penny but he had often given him money. The question might come up why did Vincent give him a note saying he had received 100 Rs earnest money. If this is so the only explanation I can think of is that midford wanted to give it or that he got it from Vincent in order to protect him as he said officials mothers were continually worrying him and so Vincent gave him the note to protect him until dispute was over. But Vincent did not tell me this. It is only my surmising but he did say midford did not pay him a penny. His begging letter I left you will bear this out. He used to ask me for money also but as I'm Scotch he never got it. If

me on the witness stand feel free to put me up at any time. Am afraid of nothing except they might surprise me in some technical point. Dr Vincent was taken in badly by Midford at first but I dont know how much he has committed himself in writing. He was busy with medical work and language study and after taking Midford in (he had been put out of his house at Midford Sowers and made a pitiable tale to Vincent) and feeding him thought he might use him to look after Dod. and do some clerical work for him. The camel got his nose in, then hump, then all stuck together with tent rail. That was how things were when I came down from vacation on hills.

Vincent did not leave till Jan 1st of this year. Why did not Midford leave but came before

as regards Miss Young she had no authority to do anything. She may have been on Board nominally Have a letter of hers in which she writes Dr. V. hoping she'll get off to America without any one knowing. We might make some fun of this & ask why was she afraid? afraid of Mysore police?
However as I dont think she counts we'll not bother with her. She was also badly fooled by Midford
I see by our Mission Bye laws that I as Supt am ex officio a member of Home Board.

Furniture I have a threatening note of Midford's saying furniture was given to him (if it was by Miss Young it does not matter but dont know if Vincent gave note and so as I know what happened to more than half of furniture I'll keep it. Midford says he was waiting on it coming back thro. Chinnakka. All right That suits me. So will keep it

Says also Chinnakka had land deeds

Dont suppose you're bothering about furniture. Midford has about 300 Rs worth which he got off with to Boys Home. Might be worth watching. See he does not sell it Did Pratt come as witness? I see in another letter he confesses he had taken original documents with him to his mother in law Mrs Bolton

Let know of anything else I can do sincerely

Sir

Enclosed further copy of some more of Mr M's correspondence. On the witness stand I said I did not remember having asked him for deeds. Seems from his letter I must have He calls them land deeds says he gave them to Dr Chinnappa D.P.I. who was supposed to be President of Mysore Assocn.
I think Mr Platt's name was mentioned as witness for the 10th. If he comes might say that he knows where all the original documents are as he is the son in law of Mrs Easton. As you know he Dr Vincent on _____ left and he went off without properly handing over things so left us a little confused. I met him the day I was in Bangalore and we were quite friendly but it was only after I heard his name mentioned as a likely witness. I have a cable here in which our secretary Mr Jacques says that when they asked Mr Platt (who went to America) what he had done with the documents he said he had handed them over to Dr. V. (Dr V. says he did not) You've noted in the letter I gave you Mr. M. asks Dr V. if he had yet received P/A for him. You might ask Mr. if you get the chance if a P/A

is necessary to buy the property. The fact is he talked a lot to Vincent about selling the property for us but he could not do so without first getting the P/A. (so he said) Of course when I heard this I told V. to look out. When going through the bazaar street in Dodballapur some of the merchants asked Dr V. myself if M. was on our staff as he was owing them money. We warned them that he was only there as a watchman and that we would not be responsible for any of his debts. You can see in his letter he begs Dr V. for a loan else Otherwise he would be put in court. Not being able to pay his bazaar bill how could he buy property Perhaps these points may help either in this or the other case. Trust you'll soon be able to clear it up. If Klatt comes please do not bring up the past unnecessarily. If only if it would help our case. Let them (M.) try to introduce some dirty stuff if they want to. With all the evidence we have we surely dont need to bring in family quarrels

On looking over the registered P/A I see it was signed before C.H. Johnston Notary Public. Mr Johnston was at the same time our Vice President, and acting President: that being so surely the P/A must be in order. I note also that in some letters previous to that Mr Jacques is down as Vice President also secretary. Another time when P/A was written (on strength of which I sold property) Mr Johnston was acting President and so have no doubt the whole transaction had the authority of the Board behind it

surely W Borthwick

Received Cameron's money he has taken it directly to Mr Klatt's office. Is it in connection with the sale of property?

Sir,

I am in receipt of yours of Sept 9th 1938 for which I thank you. as you may remember at great inconvenience I attended on behalf of the Mysore Govt and left certain papers with Power of Attorney which I think went for to settle the midford case in favour of Govt. for my last journey I received nothing from Govt from for travelling. I think it was your duty to see that I did. I have written several times for letters left with you and P/A. The case was settled long ago. I understand midford got over a thousand Rupees out of it. I cant even get my papers back. When I called lately the assist. Secy to Govt pointed to them in his drawer. Said he was sending them to you. in order to get you to send them. The P/A he said was not among them. applications will be filed for their return, you write after being sent to Secy were they again put in Court? In your representation that you were the Public Prosecutor I left these papers with you thinking you would return them immediately if not sooner. Had I not had another P/A I would have been stuck in a case lately where I had to prove I was Supt in order to get some Govt money. I therefore request you to kindly send all papers in hand by return post and if this P/A is not among them take whatever steps is necessary to recover same return to me charging Mysore Govt with any expense incurred by you.
